

**Bears paw School**  
**2018 – 2019 Option Course Preference Form**  
**Grade 7 & 8**

Interest based options are part of what makes the middle grades experience special as students begin to have choices of which classes to take. Exploratory courses are intended to offer students a range of experiences that they many want to pursue in the future.

For more detailed descriptions of the courses please refer to the Options buttons on the Bears paw Plone site at <http://bears paw.rockyview.ab.ca> (under the student tab). **This form is for your information only.** Students will be completing an online course preferences survey on Google Forms with their Grade 6 teachers in class shortly. **Course fees will be collected in the fall. Please do not send funds now.**

► Note: Due to staffing and enrolment, course options are subject to change.

<b>Students must choose one of Band or French OR both Band and French.</b>			
<b>BAND (Fee: \$82 – includes clinician fees)</b>		<b>French (no fee)</b>

*\*\*Please give your requests careful consideration. Once options lists are finalized, it is very difficult to change due to fee structures, class sizes, and general organization. For that reason, we can't guarantee that we can honour changes. In case of an issue, students will be asked to take home an "options change form" for a parent signature.*
